reference to our Fall meeting. Our annual Spring Wildflower weekend in concert with Natural Bridge State Resort Park has always been a great success. This year we believe we have found an excellent location for our Fall KNPS meeting.

Thanks to Linda Stafford of the Isaac Bernheim Foundation, our KNPS Fall meeting will be held in conjunction with the Fall ColorFest at Bernheim Forest, October 18-19, 1997. Bernheim Forest, set in the Knobs south of Louisville, includes more than 12,000 acres of forest and about 2000 acres of landscaped grounds. This facility is centrally located for almost all of our membership.
