Executive Summary

Advancing Gender Equality and Women's Empowerment
 The following information is provided for your reference and is not intended to be used as a basis for any conclusions. Effective August 1, 2015, I am resigning as Director of the Kentucky State Plant System. My resignation is the result of a mutual agreement that I will be able to continue to contribute to the system's mission.

My time spent in the State of the KYPS has been a truly gratifying experience. The people that I have met and the friends that I have made have been a major source of encouragement. I have always felt that Kentucky has one of the best and most active Plant System Director in the country.

While I would like to take some credit for my accomplishments made over the last three years, I know that my accomplishments would have been impossible without the support of my staff.
